

# Paraben's ELECTRONIC EVIDENCE EXAMINER

Our Platform is designed to enhance your digital data process with an easy-to-use interface that provides a faster learning experience for getting the data you need. By working in a singular solution, you can streamline the capture and review of digital data. We can process a large variety of data that allows you to go from computer evidence to mobile with comprehensive acquisitions and analyses that uncover the data you are looking for.

## Licensing Options

Each licensing option is designed to work within your budget and not break it with the first year of updates included in the purchase price. There are a variety of licensing options available for the E3 Platform. The default option is marked below, and alternative options can be done at the customer's request.

Once you start with an E3 license you can always upgrade and change your license option. Just keep your subscription current and you have the flexibility and reliability that you have come to expect with Paraben.

Licensing Option	Additional Fee	Availability
Web License	No Fee	Default Option
Electronic Hardware Key	No Fee	Available All License Options
Dongle License	\$89.00 + Shipping	Available All License Options

## Training Options

Paraben offers a variety of courses that are designed to make sure you are getting the most out of your E3 Forensic Platform experience. Each course is offered online, and some courses are also offered live in person. You have a lot of flexibility when taking a training course. All courses are a combination of lectures and labs and have a testing component for certification. For a full list of our courses offered please go to our [website](#).
